2018 / ISSUE 01

## GET THE TACTICAL ADVANTAGE

Welcome to our 2018 / issue 01 of the Viper Tactical catalogue. We are very excited to be showing our innovative and massively extended range in this issue. This includes our new Covert range of products. You will also find many products using our own V-Cam pattern. This is a hybrid pattern designed by our in house team to be highly compatible with Multicam and the British Army's MTP. All together we have compiled a comprehensive range of bags, clothing and accessories for use in military, close protection, security and airsoft sectors.

Here at Viper Tactical we are always looking to improve our range and strive to push forward to keep up with market demands. Consequently your feedback is very important to the future development of our brand and our product range.
